March 2025

ICILA: Staying Connected Fun with Friends

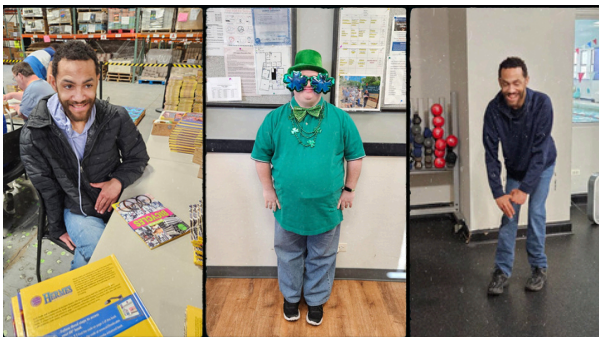

March was full of laughter, fun and attending places within the community. The Adventure Club enjoyed a visit to the "Nature Museum". Everyone had the opportunity to participate in petting lizards and engage in other fun activities. ICILA is excited and looking forward to April.

CRS Legacy: Urban Adventures

The month of March came in like a lion and has had up and down temperature all month long. However, that did not dampen the spirits of Legacy participants. Legacy participants continued to show up every day and have fun with their friends. They ventured out daily to volunteer in the community, take part in an exercise classes, explore museums, and other iconic locations in the city. They celebrated St. Patrick's Day with a party and everyone dressing in their best green attire. The favorite event of the month was helping two of their peers celebrate their upcoming wedding by hosting a Bachelor and Bachelorette Party.

Avondale CILA: Rory's Birthday

The guys from Avondale, along with the staff, helped Rory celebrate his birthday by going out to dinner followed by a beautiful birthday cake at home.

Avondale & Rockwell CILA: Chicago River Dyeing

On March 15th, the men of Avondale and Rockwell headed downtown to take part in a St. Patrick's Day tradition in Chicago, the Dyeing of the Chicago River. It may have been a chilly and overcast day with the occasional ray of sunshine, but the guys did not let that stop them from watching the river change to that vivid green.
